

Versatile, engaging and dynamic Multi-Head digital signage players

- Control your screens from central admin account
- Promotion and Special Offer Over-ride feature
- Display posters, videos social media and more
- Manage content remotely via smart devices
- Interactive touch with button trigger

The Sedao SL-MH is a cost-effective and dedicated digital signage player designed and manufactured to display digital presentations across multiple screens in a menu board/video wall layout.

Capable of playing out 24/7, these players are ideal for organisations wanting to engage with their audience around the clock and playout a variety of multimedia content in one single continuous image.

SL-MH
